Climbing camp Dôle Indoor / Detailed program :

This week consists of 5 days of climbing Indoor. The children go back home every night. By minibus, we go every day to different climbing walls in Lake Geneva region but also, depending on the level, on nearby outdoor climbing gardens, to discover this activity outside in the nature. This climbing camp is for beginners or those who already climbed. We train the children step by step to learn : how to do a safe climbing knot, how to progress safely on the wall. They have lunch in the climbing centers. They have meal all together around a big table and participate in the preparations of the meals. Vegetables or fruits are present every day for lunch. Games are organized during the day.

Little by little, we train the children in the rope technics, the knots, the techniques of climbing on a artificial wall. Supervised by an instructor, the children climb beautiful routes in modern and varied climbing centers. First steps in wall climbing, bouldering technics, learning knots, first climbing routes, team games, pedagogical and progressive climbing learning with patient and focused instructors to children. Learning, gain self-confidence, while having fun and making new friends, that's our motto.
